RESORTS WORLD BHD**NOTES TO THE INTERIM FINANCIAL REPORT - THIRD QUARTER ENDED 30 SEPTEMBER 2007****Part I: Compliance with Financial Reporting Standard ("FRS") 134****a) Accounting Policies and Methods of Computation**

The interim financial report is unaudited and has been prepared in accordance with Financial Reporting Standard ("FRS") 134: Interim Financial Reporting and paragraph 9.22 of Bursa Malaysia Securities Berhad ("Bursa Securities") Listing Requirements. The financial information for the nine months ended 30 September 2007 have been reviewed by the Company's auditors in accordance with the International Standards on Review Engagements ("ISRE") 2410 - Review of Interim Financial Information by the Independent Auditor of the Entity.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2006. The accounting policies and methods of computation adopted for the interim financial statements are consistent with those adopted for the annual audited financial statements for the financial year ended 31 December 2006 except for the following:

- 1) In the current period, the Group adopted the following revised FRSs which are applicable to financial statements for annual periods beginning on or after 1 October 2006 and are relevant to its operations:-

FRS 117 Leases

FRS 124 Related Party Disclosures (The disclosure requirements under FRS 124 will be presented in the annual financial statements for the financial year ending 31 December 2007)

The principal effects of the changes in accounting policies resulting from the adoption of the revised FRS 117 is set out below:-

- i) Prior to the adoption of the revised FRS 117, leasehold land was classified as property, plant and equipment and was stated at cost or valuation less accumulated depreciation and impairment losses. Under the revised FRS 117, leasehold land is an operating lease unless title passes to the lessee at the end of the lease term. With the adoption of the revised FRS 117, the unamortised carrying amounts of leasehold land are now classified as prepaid lease and amortised over the period of its remaining lease term, as allowed by the transitional provisions of the revised FRS 117. The reclassification of leasehold land as prepaid lease has been accounted for retrospectively and the comparatives in the balance sheet have been restated.

- ii) The effects on the comparatives to the Group on adoption of FRS 117 are as follows:

RM'000	As previously reported	Effect of adoption of FRS 117	As restated
As at 1 January 2007			
Group			
Property, plant and equipment	3,615,685	(96,601)	3,519,084
Prepaid lease	-	96,601	96,601

Exemption No. 82-3229

a) Accounting Policies and Methods of Computation (Continued)

- 2) In the current period, the Group ceased to have significant influence over an associate, details of which is disclosed in Part I Note (j). Pursuant to paragraphs 18 and 19 of FRS 128, *Investments in Associates*, the Group shall discontinue the use of equity method from the date that it ceases to have significant influence over an associate and shall account for the investment in accordance with FRS 139, *Financial Instruments: Recognition and Measurement*, from that date.

The carrying amount of the investment at the date it ceases to be an associate shall be regarded as its cost on initial measurement as an available-for-sale financial asset ("AFS"). After the initial measurement, the Group shall measure AFS at its fair values based on quoted prices in an active market.

Any gain or loss arising from a change in the fair value of AFS shall be recognised directly in equity, through the statement of changes in equity, except for impairment losses and foreign exchange gains and losses, until AFS is derecognised, at which time the cumulative gain or loss previously recognised in equity shall be recognised in Income Statement.

When a decline in the fair value of AFS has been recognised directly in equity and there is objective evidence that the asset is impaired, the cumulative loss that had been recognised directly in equity shall be removed from equity and recognised in Income Statement even though the AFS has not been derecognised. The amount of cumulative loss is measured as the difference between the carrying amount and current fair value, less any impairment loss on that AFS previously recognised in Income Statement.

The financial effect to the Group arising from the adoption of this accounting policy at the date of completion of the disposal of equity investment in Star Cruises Limited as disclosed in Part I Note (j) is as follows:

	Financial Effect Increase/(Decrease) RM'000
Available-For-Sale Financial Asset - at date of recognition	2,669,137
Fair Value Reserve - measurement at date of designation	1,473,661
Associate - at date of derecognition	<u>(1,195,176)</u>

b) Seasonal or Cyclical Factors

The business operations of the Group's leisure and hospitality division are subject to seasonal fluctuations. The results are affected by major festive seasons and holidays.

c) Unusual Items Affecting Assets, Liabilities, Equity, Net Income or Cash Flows

The unusual items included in the financial statements for the current quarter and nine months ended 30 September 2007 relate to:

- the disposal of 1.01 billion ordinary shares of USD0.10 each in Star Cruises Limited for a total cash consideration of HKD2.6462 billion (approximately RM1.172 billion) on 30 July 2007 resulting in a gain on disposal of RM337.1 million, as disclosed in Part I Note (j);
- a gain on dilution of equity investment in SCL of RM80.98 million arising from the issuance of new ordinary shares in SCL as disclosed in Part I Note (j); and

The Group registered revenue and profit before tax of RM1,115.4 million and RM755.9 million respectively for the current quarter. This is an increase of 12% and 70% respectively compared with the previous year's corresponding quarter.

The increase in the current quarter's revenue is mainly attributable to better underlying performance in the leisure and hospitality segment due to higher volume of business.

The increase in the current quarter's profit before tax is mainly attributable to:

- increase in revenue;
- gain on disposal of equity investment in SCL of RM337.1 million as disclosed in Part I Note (j) above; and
- gain on dilution of equity investment in SCL of RM17.8 million.

The Group registered revenue and profit before tax of RM3,211.1 million and RM1,480.3 million respectively for the nine months ended 30 September 2007. The increase in revenue is mainly due to the improved underlying performance in the leisure and hospitality segment due to higher volume of business as a result of higher visitor arrivals and better luck factor from the premium player business.
